## Hotel Group Talks Plans for Ad Drive

Early and Late Business Object of New Campaign

Plans for the first general membership meeting of the season of the Hotel and Apartment House association and a drive for early and late season business were discussed by the board of directors at the group's initial meeting this season Tuesday afternoon at The Rossmore.

National hotel personalities are scheduled to be speakers, and a definite program for this year's operations will be outlined to the members. Time and place of the meeting will be announced in the near future, according to Ed Davidson, president.

Lewis Thomas, manager of Howard Manor, is chairman of the committee in charge of arrangements.

Following a report from the advertising committee which is working in conjunction with the Chamber of Commerce advertising committee, the directors discussed the possibility of a supplementary advertising program sponsored by the Association for early and late season business.

A concentrated membership drive was planned to secure representation of all hotels in the Palm Springs area in the Association. Harry Bogart, manager of the Laurita Lodge, is chairman of the membership committee.

FLYING GRANDMA THRILLED—Zaddie Bunker, the Village's only flying grandmother, and perhaps the nation's, enjoyed a thrill Sunday when she took over the controls of a Gruman-Mallard and flew it over the Salton Sea. Pictured above peering back at the passengers is Pilot Jefferies and Mrs. Bunker.

## FLYING GRANDMOTHER'S AMBITION STEP NEARER

Zaddie Bunker—the world's only flying grandmother—has an ambition to handle the controls of every kind of ship that flies.

She came a step closer to that aim Sunday when she was invited aboard a Gruman-Mallard, giant flying boat owned by the Twentieth Century-Fox Film corporation.

Pilot Jefferies, who had read about Mrs. Bunker when in New York City recently as the nation's oldest flying grandmother (she is 65 self-admitted and with pride) invited her to take the co-pilot's seat and handle the controls of the flying boat.

The first word of the pilot's invitation is all that Grandma Bunker needed to exchange her seat from that of a passenger to that of pilot, pro tem.

"Why, that big boat is easier to handle than my Aerocoupe," she exclaimed on alighting at the Palm Springs airport after the air-joy ride which took the plane and passengers over the Salton Sea and surrounding desert area.

## Al Hoover Heads Ike-Nixon Club in Palm Springs

Democrats, as well as Republicans, are invited to join the Eisenhower-Nixon club in Palm Springs, Al E. Hoover, chairman, announced today.

The club is non-partisan, Hoover said, and will be in existence only until election day, November 4. He urged all supporters of the ticket to join the club and work actively for the election of Eisenhower and Nixon.

Buttons, car bumper strips and windshield stickers are available now, and headquarters will be selected in the near future.

Many local supporters joined a motorcade to Pomona Wednesday night when Nixon started his whistle-stop campaign on the Pacific Coast. They joined the motorcade at Riverside.

Hoover announced yesterday that headquarters for the Eisenhower-Nixon club will be at 417 North Palm Canyon drive, the storeroom formerly occupied by the Desert Paint Shop.

Mrs. A. G. McManus, owner of the property, donated it to the club to use until election day, free of charge.

## Mrs. Caylor New Health Nurse in Village District

Mrs. Marjorie Caylor, R.N., has been named public health nurse for the Palm Springs area, with offices at the Palm Springs Health Center, 459 East Amado road.

Mrs. Caylor succeeds Mrs. Madge Holderman who has been transferred to the Indio area.

Mrs. Caylor, a graduate of St. Luke's hospital in Denver, also took public health work at the University of Redlands and UCLA. She was at the Indio center last year.

She is a resident of Palm Desert, and has one daughter, Phyllis, who is in the first grade of the Palm Desert school.

The usual clinic schedule will be maintained, Mrs. Caylor said, with office hours from 8 a.m. to 5 p.m.

The monthly child health conference for pre-school children will be held Tuesday, September 23, from 9 to 11 a.m., and 1 to 2:30 p.m.

Mrs. Marie Huddleston will be receptionist at the center.

## New Building Code May Be Improved

The county's new building code for unincorporated territories, which becomes effective October 1, will be reviewed steadily for defects, according to Supervisor Beale Barnes, who was influential in bringing about the enactment of the code.

## Villagers Report Large Ball of Fire Across Local Skies

A "large ball of fire traveling across the sky from west to east" was reported to police by two Villagers about 8:40 p.m. Tuesday.

Josephine Carter, 755 East Arenas road, and Mrs. N. Gasda, 421 Canyon place, told officers that it was too large to be a "falling star."

"It had the appearance of a halo and was orange in color," Mrs. Carter said. It was described as a "flare type object" by Mrs. Gasda.

Police theorized that it was a meteor traveling through the sky.

# Lawrance Enters Dual Plea of Not Guilty to Slaying Charge

## Steady Gains in Enrollment in All Schools

1589 in Class Rooms Monday, Survey Shows

Enrollment in schools in the Palm Springs Unified School District has increased to 1394 students, 99 more than enrolled the first day of school, Dr. Arthur Hoff, superintendent, reported.

With 195 starting class work at St. Theresa's Monday, there were 1,589 attending schools here this week, compared to 1,484 last year at the corresponding time.

A gradual increase is expected throughout the year, with the peak total expected in February. Peak attendance during the 1951-52 school year was 1640, and about 1700 students are expected to be enrolled this year, Dr. Hoff said.

All schools have shown increased enrollment since opening day.

Comparisons between present attendance and opening day follow:

Cahuilla, 213-201; Cathedral City 141-119; Desert Hot Springs 79-76; Frances Stevens 215-202; Katherine Finchy 193-188; Thousand Palms 10-9; Nellie Coffman 196-174; high school 346-324.

INDIAN AGENT — Lawrence Odle, local Indian agent, who is in the midst of a busy season with developments on the reservation coming on apace.

## Tribe Improves Palm Canyon for Opening Oct. 23

Work started this week on improvements in Palm and Andreas canyons, authorized last Wednesday by the Agua Caliente Tribal Council.

Road improvement has been under way for the past month, and other work includes the building of new public rest rooms, benches and tables.

The park opening has been set for October 23, with a seven-day-a-week schedule planned from 9 a.m. to 6 p.m.

Admission price will be increased this year to 50 cents for adults, and 25 cents for children over six years of age.

## Business Office of Desert Sun Open Saturdays

With the arrival of Autumn scheduled next Monday, Summer is on its last legs.

Coinciding with the change in the seasons, The Desert Sun this weekend abandons the Summer schedule.

Starting this Saturday, September 20, The Sun office in The Center will again be open Saturday mornings, from 9 a.m. until noon.

During the Summer months, from June 15 to September 15, the office was closed on Saturdays.

## Selection of Jury in Sutter Case Goes into Third Day

Trial of Henry Robert Sutter for the murder of Samuel Davis, wealthy Desert Hot Springs motel owner, went into its third day before Superior Judge John Gabbert at Riverside yesterday with selection of a jury still far off.

Sutter is accused of killing Davis on a lonely road north of Palm Springs and then taking his victim's body to Newport Beach where he abandoned it.

SUTTER WAS LATER arrested in Hollywood.

District Attorney W. O. Mackey had used but one of his 20 jury challenges as the case ended its second day Tuesday but the two defense attorneys were using them up fast. They said they would continue to challenge prospective jurors until they were sure they had a fair and impartial jury.

Acting for Sutter are George publicity with his defense of publicity with his defense of sex-slayer Henry McCracken at Santa Ana last year.

SLAYING of Davis is alleged to have occurred May 27 on a desert road four miles west of Desert Hot Springs. Sutter is accused of having killed Davis with a 22-calibre revolver in an argument over a bad check. Davis had threatened to turn Sutter over to police.

Sutter, the prosecution said, admitted the slaying and was indicted by county grand jurors.

## Final Steps on Indian Avenue to Start Soon

Work Begins in Two Weeks; to Take 90 Days

Construction work on Indian avenue in front of the Agua Caliente bath house is expected to start within the next two weeks, according to City manager Russell Rink.

The project will close Indian avenue to traffic at this point, and a detour will be established as soon as the work starts. The detour will run east on Andreas road to El Segundo, then south on El Segundo to Arenas road, and west on Arenas to Indian avenue. Total distance is about one-half mile.

THE DETOUR will be in effect until completion of the project, which is expected to be from 60 to 90 days, Rink said.

Contracts for this project, and also for improvement of Indian avenue between Ramon road and Highway 111, were awarded to Hicks and Allred of Cathedral City, by council last Wednesday afternoon.

WORD THAT the Agua Caliente Tribal Council had approved the Indian avenue detour described above, in place of the one proposed by the city, was received during the council meeting and the plan was accepted.

Hicks and Allred was low bidder on the project in front of the bath house, with \$26,365. Other bidders were Sooy and Jackson of Redlands, \$31,416, and Basich Bros Construction company of Whitewater, \$32,330.

THE WORK INVOLVES widening and paving of the half block immediately in front of the bath house, together with construction of a concrete bridge under the road surface to protect it from the seepage of the mineral springs.

Agua Caliente Bath House will be closed to the public during the construction period, it was announced by Lorene McGlamary, tribal chairman.

THE TRIBAL COUNCIL told council that it disapproved the route proposed by the city as this would route traffic directly in the rear of the Indian office and would interfere with business conducted there, and also would delay landscaping projects planned.

Hicks and Allred was awarded the other contract for Indian avenue work with a bid of \$9,125. Low bidder was J & S Paving company with \$8,998, but Rink recommended that one contractor be given both jobs to facilitate operations and have maximum cooperation between the projects.

Other bidders were John J. Swigart of Indio, \$9,938; Basich Bros. Construction company, \$10,611; Hubbs Equipment company of Colton, \$13,812.50; Mark Bros. Construction company of El Centro, \$15,905.

IT'S ASTONISHING — Culver Nichols, Village realtor, who said that the growth of Palm Springs is surprising even to a Villager who returns after a few month's absence.

## Insanity Cited by Attorney for Defendant

Judge Gabbert Sets Nov. 5 as Date for Trial

Not guilty and not guilty by reason of insanity was the dual plea entered in superior court Tuesday by John Henry Lawrance, accused in the murder of his niece, Kathryn Knodel, whose body was found on East Ramon road August 20.

Lawrance appeared before Judge John G. Gabbert in superior court Tuesday morning.

WILLIAM SHAW, Lawrance's attorney, did most of the talking when the suspected slayer was arraigned. Lawrance merely nodded his head when asked by Judge Gabbert whether he wished to enter the dual plea.

Judge John Gabbert set November 5 as date for the opening of the trial.

He also appointed three psychiatrists to examine Lawrance.

ATTORNEY SHAW said Monday that the trial of Lawrance may take two or three weeks.

The Redlands teen-ager was slain the night of August 19 on a lonely road just inside Riverside county. Clues to the suspect came after railroad workers at Garnet on North Indian avenue, told police of helping a man answer Lawrance's description remove his stalled car from the tracks. The slayer is believed to have been enroute at that time to the Ramon road spot where he left the body.

## Amazing Growth of Palm Springs Noted in Year

"All the building and improvements in Palm Springs now under way or completed during the past year give the impression that the Village is the bright spot of the world," commented Culver Nichols, who with his wife and two sons, returned last weekend after spending a year in Switzerland.

Nichols singled out the El Mirador, Sunset Towers and Oasis building programs, and improvements on Indian avenue as some of the major changes he has noticed since his return.

## Sales Tax Receipts Show Gain this Year

Current fiscal year is getting away to a better start than the 1951-52 year according to Robert W. Peterson, city treasurer.

Sales tax receipts for July and August, 1952, totaled \$17,821.57, compared with \$18,814.49 for the corresponding two months last year.

Since the sales tax ordinance went into effect in May, 1947, the city has collected \$635,777.94, Peterson reported.

## The PUBLISHER'S Corner

TOO MANY BUREAUCRATIC LAWS and regulations have brought about a serious lack of law observance in this country, while, at the same time honesty and integrity of public officials has reached an all-time low. How long can this nation carry on the fight against the formidable enemy of Communism with such deterioration of moral fiber within? That is a question which many people are asking today. It is one of the big issues in the presidential campaign.

This trend downward started back in the days of national prohibition when so many people violated the law and racketeers began bribing public officials on a big scale. In this soil of public and private immorality gangsterism and corruption thrived. Its seeds took root in the New Deal administration and have been growing ever since.

Along came world war II and rationing. Here again the public patronized black markets in utter disregard of federal laws and encouraged more corruption. There followed the OPA with the thousands of edicts it has imposed on the merchants of the nation. There are so many that compliance in many cases is almost impossible.

All the while the public trust was being betrayed by official after official in Washington. It has filtered down in a lesser degree into state, county and even municipal governments until today this America of ours is being seriously weakened from within. Exposure after exposure during the past two years has revealed the awful truth. It is destroying confidence in our democratic form of government and getting to the point where one citizen hesitates to trust another.

The remedy is obvious: Clean house in Washington and let this be the signal for the return of public morality throughout the land. We can't hope to make a start without clean leadership at the top. It requires a change in the national administration and a change in the attitude of many lesser public officials and ordinary citizens. These changes can be brought about only through the election of Gen. Eisenhower.

Here then lies the vital issue in this presidential campaign; more important than the farm or labor problem, more important even than international relations, for none of these things can be solved by a nation that is morally sick.

## Library Back on Winter Schedule

The winter schedule is now in effect at the Welwood Murray Memorial Library.

Hours are 10 a.m. to 9 p.m. Monday through Friday, and from 10 a.m. to 5 p.m., Saturday.

The children's department will be open from 10 a.m. to 5 p.m., Monday through Saturday.

## Look Out! Tickets Being Issued to Parking Violators

Tickets will be issued to all violators of the parking meter ordinance effective immediately, Police Chief August Kettmann warned today.

Operation of all meters went into effect Monday, but courtesy citations (warnings) were issued the first day.

Strict check of the meters is being made now by the two motorcycle operators by the department, and the three-wheel motorcycle will be placed into service on Sunday, September 21, Chief Kettmann said.

Fine for a parking meter violation is \$1.

Approximately 100 less meters are in operation now, due to the widening of Indian avenue, but these will be replaced as soon as possible.

Mechanism in all meters, removed last week for cleaning, was replaced in time for the starting of operations Monday.

## SUMMER TO QUIT US NEXT MONDAY

Summer is on its way out. Next Monday at 7:24 p.m. (PDT) the Autumnal Equinox, marking the end of Summer and the start of Autumn, will arrive.

Day and night will be practically the same length but the days will continue to grow shorter until December 21, shortest day of the year, after which they'll begin to lengthen again.

## This Side of the Sun

By Phat

DAYS OF INDECISION Those puzzling days are here again.

That keep one on the spot. The cooler on it, it's too darn cold. And off, it's too darn hot.

It is also the time of disunity in the office. . . . Come the hot days and it's unanimous to have the cooler going top speed. . . . In winter, no one wants it on. . . . But this time of the year induces arguments. . . . The inactive sitters want it off. . . . The jump-up-and-downers and rushers—about want it on. . . . Giving vent to arguments. . . . Not only here but elsewhere, I have heard

THE G. K. ZAINS of Mesquite avenue have the distinction of traveling 4,400 miles—and not going anywhere. . . . It happened like this. . . . They planned an air trip to Honolulu. . . . And duly boarded the plane one day and took off. . . . About 1,000 miles out the plane developed engine trouble and came back. . . . The Zains and other tourists were feted by the company, dined and entertained until time to start again. . . . This time, the plane took off at 3 a.m. . . . About 1,200 miles out, it turned around again. . . . Same trouble. . . . This time after 4,400 miles of travel and still at the airport where they started from, the Zains gave up and returned to their home here. . . . Most of their luggage is in Honolulu. . . . They had it sent on ahead.

IF YOU CAN remember when people used to argue heatedly about the merits of their automobiles. . . . How many miles they got to a gallon. . . . Or about their respective radios. . . . How far they reached out. . . . Maybe to pick up a little 250-watt

See THIS SIDE, Page 3

## Village Lad, Aged 10, Puts in Summer as Wyoming Guide

Eddie Fox, 10, was official guide this summer for guests of the Jenny Lake Lodge, near Jackson Hole, Wyoming.

The lodge was managed by his father and mother, Col. and Mrs. Clinton E. Fox. Col. Fox is manager of the Palm Springs

Employers Association during the season.

Eddie took the guests on horseback trips to all interesting places near Jackson Hole, covering a distance of 22 miles on the all-day trip. The parties consisted of from eight to 15 people.

Guiding the guests wasn't his biggest thrill of the three-month period he was there. This happened the next to the last day he was there when he "went out to a Moose pond, scouted around and just before he was ready to give up saw a mother and her calf."

Another highlight of the vacation was his "running the horses to pasture every night."

## Trailer King

Al Rose Leaves on Buying Trip

Al Rose, Village home owner and known throughout southern California as "The Trailer King," explained for Tulsa, Oklahoma this week where he plans to buy several freight car loads of Spartan trailers.

These trailers and other makes costing approximately \$100,000 will be on display at his new trailer park in the new Horizon Trailer Village during the first half of October, Rose announced before departing.

"Also purchased recently is a new trailer called the DeVille which will have contemporary interiors," Rose announced.

He plans to offer these trailers at a special "get-acquainted" price when he opens his park, Rose said.

Rose operates trailer display parks in Stockton, San Diego, El Monte, Oceanside and first introduced his trailer line here in Palm Springs more than a year ago.

## CVAPC to Meet Next Wednesday

Next meeting of Coachella Valley Advisory Planning committee will be held in Indio city hall next Wednesday evening at 8 p.m.

Clarence Washburn, president, urged a large attendance.

"The Indio city hall is now air-conditioned," he said, "and all will be comfortable."

F. H. Butterfield, county probation officer, will be the speaker.

Washburn issued a call to all committee chairmen to call their groups together immediately so that a report may be made next Wednesday.

"We want to get off to a good start this Fall," he said.

## Registration Here to Hit New High Says City Clerk

Mrs. Louise McCarn, city clerk, said Friday that she believed Palm Springs would show a record registration of voters when the figures for the November 4 general election are issued.

She based her prediction on the rush of Villagers to register last Thursday, deadline for the presidential election.

Although registration had continued steadily before the final day, business was brisk at the city clerk's office all that day with last minute voters and the three down-town deputy registrars were all busy.

At the postoffice Mrs. Harry Brott registered more than 150 persons in three days. Although slated to close at 5:30 p.m., a last-minute rush kept Mrs. Brott at her table until 9:30 p.m.

Mrs. McCarn said that no official figures on local registration were available at her office but would have to come from the office of County Clerk G. A. Pequegnat where a staff of clerks is now busy tabulating the results of the registration drive.

From Page One—MORE ABOUT

## NICHOLS

one of the top sources in the world—the C. G. Jung Institute for Analytical Psychology.

**ANOTHER VILLAGER.** Mrs. Harold Hicks, also attended the institute since April.

The two boys, Stevie and Larry, attended school there and learned how to speak French fluently. Their father reported that they were anxious to return home and go to Frances Stevens school here, which is named after their grandmother.

After school ended in July, the Nichols visited Scotland, Sweden, Denmark, Germany, France, Austria and Italy before returning home.

When their son, Nicky, came there to join them, they took him to Vienna through the Russian zone. Mr. Nichols reported that the Russians didn't "bother us a bit, but we weren't allowed to stop anywhere within the 100-mile zone."

**THEY BOUGHT** a car there to travel around the country, and sold it before returning to the States. Although they had reservations to sail back, they cancelled these and flew to New York, then to Detroit, where they purchased another car and drove to Palm Springs.

Nichols said that they changed their plans about sailing because they were so anxious to return home. "We enjoyed the visit very much," he said, "but it certainly made us appreciate being home."

**REGARDING** the feeling of the people there toward a possible World War III, he said that a feeling of security exists there now compared to the "panic felt when we first went there."

"The people now feel that they and we are strong enough to stop Russian aggression. Remarkable progress has been made there with our help, and all the people are working hard to get their country back on its feet again."

Everyone in the Palm Springs area reads The Sun.

## Parking Meter Take for August Sets New Low

With only 114 meters in operation in August while others were undergoing repairs or cleaning in preparation for the season, the city's "take" from parking meters last month was the lowest since the meters were installed in March, 1949. The collections amounted to \$66.23.

In July, the meters yielded \$258.66 which was higher than the corresponding month a year ago.

Robert W. Peterson, city treasurer, said that since the parking meters have been installed, the city has collected \$50,538.61 out of which sum the meters were paid for and the entire collections now go into the city treasury.

## Cabazon Water Situation Before State Committee

Headed by State Senator Nelson Dilworth, a legislative committee met all day at Cabazon Tuesday to hear charges against the Cabazon Water company that the rates were so high residents were forced to leave their lawns die and shade trees were threatened.

In addition, witnesses said, pressure was so low that it took an hour on wash day to fill a tub and that a fire would be a catastrophe.

When the senate investigating committee adjourned after a day of testimony, it was decided to call the public utilities commission before it for an explanation of the high rates.

At the latter hearing the committee will also hear the defense of the water company.

## STORE KEEPS ALIVE DESERT MEMORIES

Eleanor Pocras, former Villager, is now operating the "Stone Age," a store for "Rock hounds" at 9361 Wilshire boulevard, Beverly Hills.

Mrs. Pocras acquired a love for the desert while living here and on camping trips in the desert became interested in minerals and gems. Believing that other people would become interested too, she decided to open a shop where city residents could see and buy the "beautiful minerals and gems" found on the desert.

## They look alike—but aren't alike

**ONE** important difference in automatic gas water heaters is the **10-YEAR WARRANTY PLAN**

Remember this when you buy: All automatic gas water heaters do look more or less alike, but there is one very important difference. That's the 10-year warranty plan, which is your assurance of a top-quality appliance built for long and carefree service.

A make and model of automatic gas water heater that carries this plan will cost you a little more now, but far less in the long run. For with automatic gas water heaters—as with anything else—you get what you pay for. Lower-priced heaters naturally aren't made from as heavyweight steel, aren't as resistant to the corrosive action of water and won't give as many years of service as those with a 10-year warranty plan.

So when you buy a new automatic gas water heater, insist on a make and model with a 10-year warranty plan. You'll see one at your plumber-dealer's.

## Notes from the Library

**WITNESS** by Whittaker Chambers.

The strange, compelling, and thought-provoking life history of a man who was born in Philadelphia in 1901, the son of a young staff artist on the New York World, who grew up in a rather bohemian but middle-class family, whose mother "belonged to a generation of intellectuals for whom the word God was already a little embarrassing," and whose life finally became involved in one of the most widespread espionage conspiracies to insinuate itself into the history of American democracy. This 800-page book is written with surpassing skill—it is more than a "confession" or a "report"; it is a vivid and moving drama of life in America during the twentieth century. It is a story of intense human interest, profound intellectual problems, and knotty spiritual problems. During the tense days of the Hiss trial, there were many persons who believed that Chambers had come to testify against the man who had once been his close friend with a kind of exhibitionist enthusiasm. This is how Mr. Chambers describes his feelings when he knew that he was going to be called before the House Committee on Un-American Activities:

"What I felt was what we see in the eye of a bird or an animal that we are about to kill, which knows that it is about to be killed, and whose torment is not the certainty of death or pain, but the horror of the interval before death comes in which it knows that it has lost light and freedom forever. It is not yet dead. But it is no longer alive." And when he was finally brought face to face with Hiss, he says:

"I was swept by a sense of pity for all trapped men of which the pathos of this man was the center. For the man I saw before me was a trapped man. Under the calculated malice of his behavior toward me, which I could not fail to resent, under his impudence and bravado to the congressmen, he was a trapped man—and I am a killer only by extreme necessity." This is the epic story of a time, an era of bewilderment and search; and it is a tragic story of two men whose terrible choice led them to a life and death struggle with each other, no longer as individuals but as representatives of opposing beliefs.

**GABRIEL AND THE CREATURES** by Gerald Heard.

Here is a beautifully written and exciting story, a true saga of life beginning in a sticky swamp with twenty-ton Dinosaurs and developing through an amazing number of forms and shapes until the human "model" appeared. "These stories," declares the author, "are fairy stories, because the characters in them have wishes and wishes, tastes and passions—as well as magic gifts and wizard powers—these characters choose and struggle and get enchanted by using their magic wrong and find deliverance by using it right." However, they are not so much fairy stories as parables, and a wealth of scientific speculation and spiritual profundity is put across in this witty and poetic little document. Notes at the end and on Appendix lend fascinating reality to this "fairy tale."

**IN COUNTRY SLEEP** by Dylan Thomas.

A slender book of rich treasures by one of the great poetic singers of the twentieth century with an interesting portrait photo of Dylan Thomas at the beginning.

**NEVER BET YOUR LIFE** by George Harman Cox.

This new Harmon Cox mystery takes place in Florida and deals with the murder of John Gannon, gambler and promoter, who had tried twice to commit suicide; and with Dave Barnum, the best suspect, who had to find out why everything was happening as it did.

**Radio Stolen**

Theft of a portable radio was reported to police Monday by Mrs. Frona Gill, 300 Andreas road.

GREYHOUND

## Campaign Begun by Backstrand

L. M. (Lee) Backstrand, candidate for the assembly from the 71st district (Riverside county), formally opened his campaign this week.

He said that headquarters will be set up for the Palm Springs area and the site would be announced next week.

From Page One—MORE ABOUT THIS SIDE

in Maine ... You're getting old ... Came in a clipping in the mail this week from my old friend A. Nonymous ... It concerned a town in Texas named Cash and was to the effect that the first postmaster of Cash was a man named J. A. Money ... Fellow told me the weather is just like his wife ... Goes from one extreme to the other ... So he's looking for a cold winter.

CITY MANAGER Russell Rink

has a good idea for the cure of vandalism ... He says there ought to be a law ... Holding parents responsible for the vandalism done by their minor offspring ... He tells about it in his column, "The Other Side of the City Offices" in today's Sun ... And Police Chief A. G. Kettmann also has some good advice in his Safety Column today ... I'll be happy when they get that Y at Indian and Palm Canyon under control ... It's gradually getting worse as the season advances ... But still think it would help if drivers planning to turn off into Indian

would signal and let you know their intentions.

THIS IS BELATED but want to get it off my chest ... People who serve the public get many gripes and little thoughtful praise ... So this is for Pop Gorham's P.O. staff ... When we left on our vacation we gave the P.O. our new address ... The mail was forwarded right to the day without a hitch ... They must have figured out the exact days because we never missed a thing ... And as to former councilman, Maurice McCann ... L. A. Times agent ...

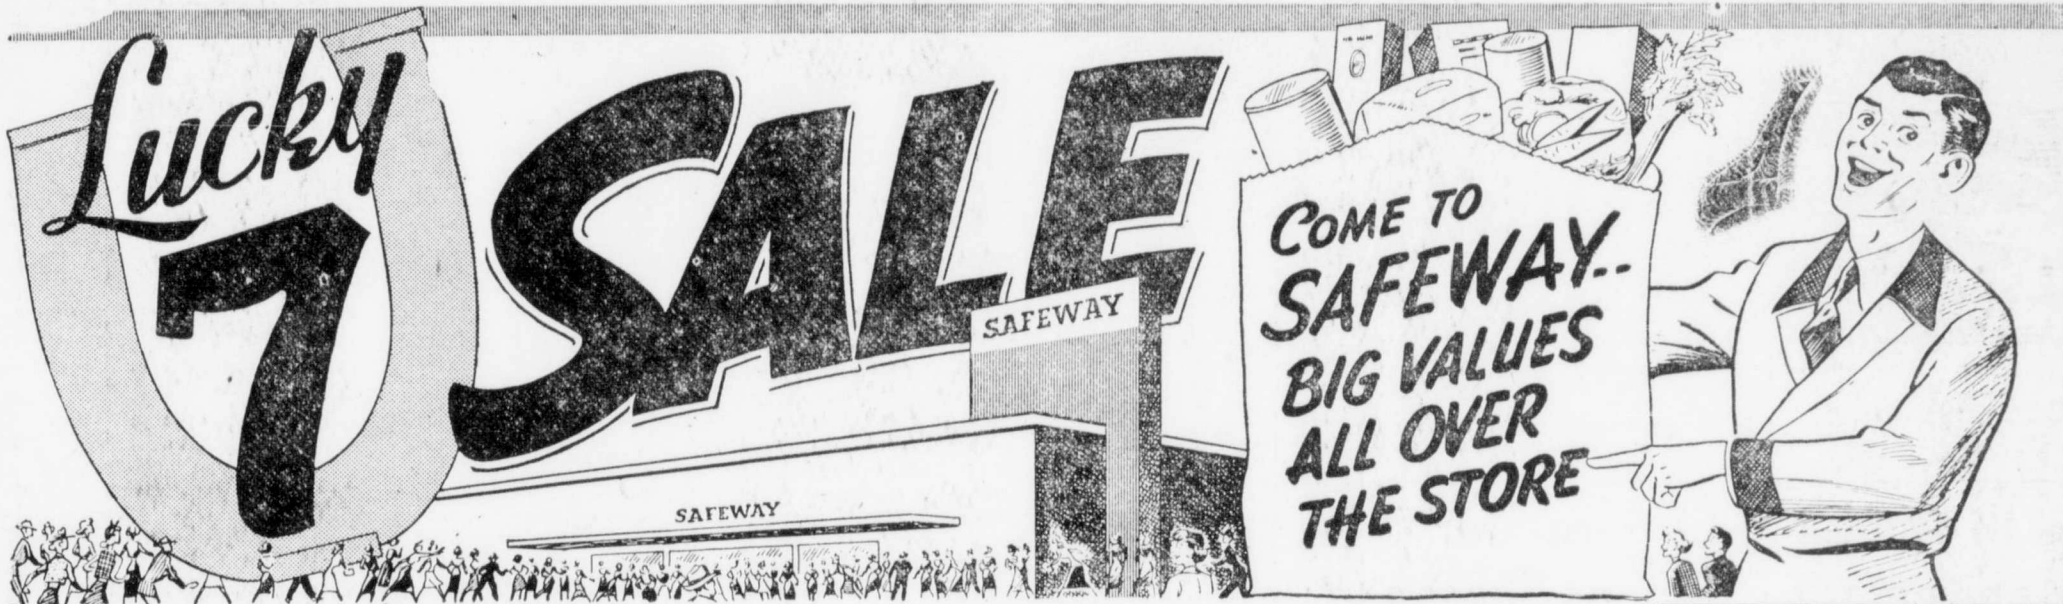

Never had to remind him ... Stopped when we left and there it was the first day we got back ... Could keep up with all of the murders and scandals without interruption ... and as to the police ... That consoling postcard that all was well with the place while absent plus Chief Gus Kettmann's postscript, "Hope you are enjoying your vacation." ... Maybe this will make up for some of the thoughtless gripes.

SOME PEOPLE sing in the bathtub or under the shower ... Others compose poetry ... After

**ANNIVERSARY**—Judge and Mrs. Eugene Theriault observed their seventeenth wedding anniversary Sunday evening. They are pictured at the Chi Chi, following their dinner.

## 57th Wedding Anniversary Celebrated

Mr. and Mrs. J. C. Newson of Whittier celebrated their 57th wedding anniversary last week in Cathedral City where the Newsons for the past four years have spent the Fall months. The Newsons were married in Newcastle, Indiana, September 11, 1895. Newson is a member of the board of trustees of Whittier college.

### Visit in Village

Ben and John Chaffee arrived here Monday to visit friends before enrolling at Stanford university.

**"EASY DOES IT"**  
BY HELEN HALE

BEFORE scalding milk for a recipe, butter the bottom of the pan you use, before pouring in the milk. It will not scorch or brown so easily.

Poached eggs will not spread if you stir the water vigorously in one direction, to create a whirlpool, before you drop in the eggs. To insure cream puff shells which are high, drop them into muffin tins instead of cookie sheets.

An avocado dressing will give a new taste treat to a mixed green salad. Simply combine 1/4 cup sieved avocado with 1 tablespoon vinegar, 2 tablespoons cream, 1/2 teaspoon salt, 1 teaspoon prepared mustard and 1/2 teaspoon dill seed. Use the pastry blender for mashing eggs for egg salad or sandwich mixtures. It works easily to make the eggs coarse or fine, as you like.

Animal crackers and candy canes are a nice decoration for a youngster's birthday cake. The canes may have ribbon bows on them and are placed in the center, with the ribbons coming out to attach to the animal crackers which are placed around the edge of the cake.

### RECIPE OF THE WEEK

#### Poppy Seed Noodles

(Serves 2-4)

2 cups cooked noodles  
2 tablespoons butter, or substitute, melted  
1/4 teaspoon pepper  
1/2 teaspoon salt  
1 tablespoon poppy seeds  
Combine butter, salt, pepper and poppy seeds. Toss lightly with noodles to blend.

Squeeze a small amount of lemon juice over dates, figs and raisins before putting them through the food chopper. They'll come through more easily.

When making custard in individual cups, drop a teaspoon of brown sugar into the bottom of a cup before pouring in the egg-milk mixture.

Use that left-over cake in your cupboard in this luscious dessert. Drain and dice 4 or 5 canned cling peach halves. Combine with 6 cut-up marshmallows, 2 tablespoons chopped almonds, one cup sweetened whipped cream and a cup of cubed stale cake. Chill several hours.

Children are usually not much on eating salads unless they are finger salads. One they'll like is pump cooked prunes, pitted and stuffed with a spoonful of cottage cheese or peanut butter.

## Menasses Return from Northwest

Almost all of the people who have homes at Hayden Lake near Spokane are frequent Palm Springs visitors or have winter homes here, according to Solle and Margaret Manasse who recently visited the popular Washington state summer colony. Among them are regular winter residents Clive Roberts, Mrs. Tommy Soderberg, Mr. and Mrs. Ray Jones and golf enthusiasts Mr. and Mrs. Ray Wilson. Another Hayden Lake home owner is Fritz Kilmer who spends much of the winter in the Village.

Hayden Lake is popular also with Bing Crosby and his family who maintain a summer home there. Bing was participating in a golf tournament at the Hayden Lake course while the Manasses were there. They told of what a good sport Bing was to continue playing about seven holes, although eliminated, as a courtesy to the large gallery that was following him around. The Manasses made a several weeks' tour of British Columbia and the Northwest this summer, visiting Seattle and Vancouver during the golf tournaments at the Seattle Golf Course and the scenic Capilano course at Vancouver. Manasse took his clubs along and played at all of the courses. They went north via the Redwood highway and returned by way of Reno and Lake Tahoe, with many stops along the route, including Harrison Hot Springs hotel at Harrison Lake, B.C.

Mr. and Mrs. Manasse own the Warm Sands Villa here which is popular with many of the Northwest winter residents. Mrs. Manasse is this season's president of the Palm Springs Women's club.

## Eastern Star Opens Season This Evening

First meeting of the 1952-53 season for Palm Springs Chapter, U.D. Order of Eastern Star, will be held this evening at 8 p.m. at Masonic Temple. Worthy Matron Josephine McCauley will preside.

The Masonic Temple has been moved from its location on Tachevah road to a site on Ramon road across from the golf driving range.

## Square Dancers Rally at Party to Open Season

Three square dance fans in the Village area marked birthdays in the past week and to celebrate the event, several Village square dance enthusiasts were invited by Fern Scott to a patio square dance to honor them.

The Scotts entertained 32 guests Saturday night with square dancing honoring Ed Mullins, Harry Wills and Ray Cook.

## Shirley Lockett Now in College

Shirley Lockett, daughter of Mr. and Mrs. Don Lockett, is entering Palos Verdes college at Rolling Hills this week. She graduated from Anna Head school in Berkeley in June. The Locketts will return to their Mission road home here in mid-October.

### Return from Tour

Mr. and Mrs. Austin Holmberg of Cathedral City, and their daughter, Sylvia Karlson, have returned from a voyage aboard the S.S. President Cleveland which took them to Hawaii, Japan, China and the Philippines.

(Desert Sun Photo)  
**NICE TO BE BACK**—That's what Edna Keefe declared on her return from Summer's vacation. Manager of the popular Casa Palmeras hotel-apartment she is seen above (center) dining with a Los Angeles friend, Grace Weber, at the Chi Chi. The gentleman on the right is Councilman Jerry Nathanson who stopped for a brief chat.

## Donna Griggers Has Birthday

Donna Griggers, daughter of Mr. and Mrs. Herb Griggers, celebrated her 13th birthday September 8 with a party at her home, 1524 South Calle Marcus, and later a theater party.

Her guests were Pamela Bourne, Beth Mills, Sherry Morris and Heather Liddle. The latter two girls recently moved to Palm Springs with their parents from Vancouver, B.C.

## Dora Lee Taylor Bride in Seattle

Announcements were received by friends here this week of the marriage of Dora Lee Taylor, daughter of Mr. and Mrs. Richard L. Taylor on July 25 in Seattle, Wash.

The bridegroom is Don Kennedy of Seattle.

The Taylors are Villagers.

## Hansens Fly in to Open Home

Mr. and Mrs. Robert Hansen of Pittsburgh and Washington, D.C., made a special trip to Palm Desert via air to oversee the opening of their palatial home on the desert. They remained here for ten days. Mr. Hansen flew back to Chicago and Mrs. Hansen will join him later in Maryland where they also maintain a home. The couple plan to return to Palm Desert around January 1.

### Back from Trip

Mr. and Mrs. Carl Jackson, Cathedral City, returned from a month's trip to San Francisco where they spent some time with Mrs. Jackson's mother.

## Illinois Family Visits on Desert

Leo Leissler, wife and son Albert of Hinsdale, Ill., have been guests of the Rev. Joseph Leissler of St. Louis parish, Cathedral City.

Father Leissler and the Illinois man are brothers.

## Miss Finchy Leaves for Home Today

Katherine Finchy, who represented the local Soroptimist Club at the International convention in Copenhagen, Denmark, will leave today, Thursday, on the Queen Mary, for the United States.

Besides attending the convention, she has been visiting the local club's sister club in St. Helen's, England, and in other parts of England, Norway and Sweden.

While visiting the St. Helen's Soroptimist Club, she was entertained at parties and in private homes, was the club's honored guest at a Soroptimist gathering, and was taken to visit the Liverpool club, several schools, the glass works and other places throughout the country.

## Job's Daughters Launch Season

Activities during the coming year were discussed at the first meeting of Palm Springs Bethel 186, International Order of Job's Daughters, held Tuesday evening at the home of Mrs. Chester Sproule, 3763 Calle San Antonio.

Thirty girls and members of the Guardian Council were present. A spaghetti supper served at 6:30 on the patio preceded the meeting.

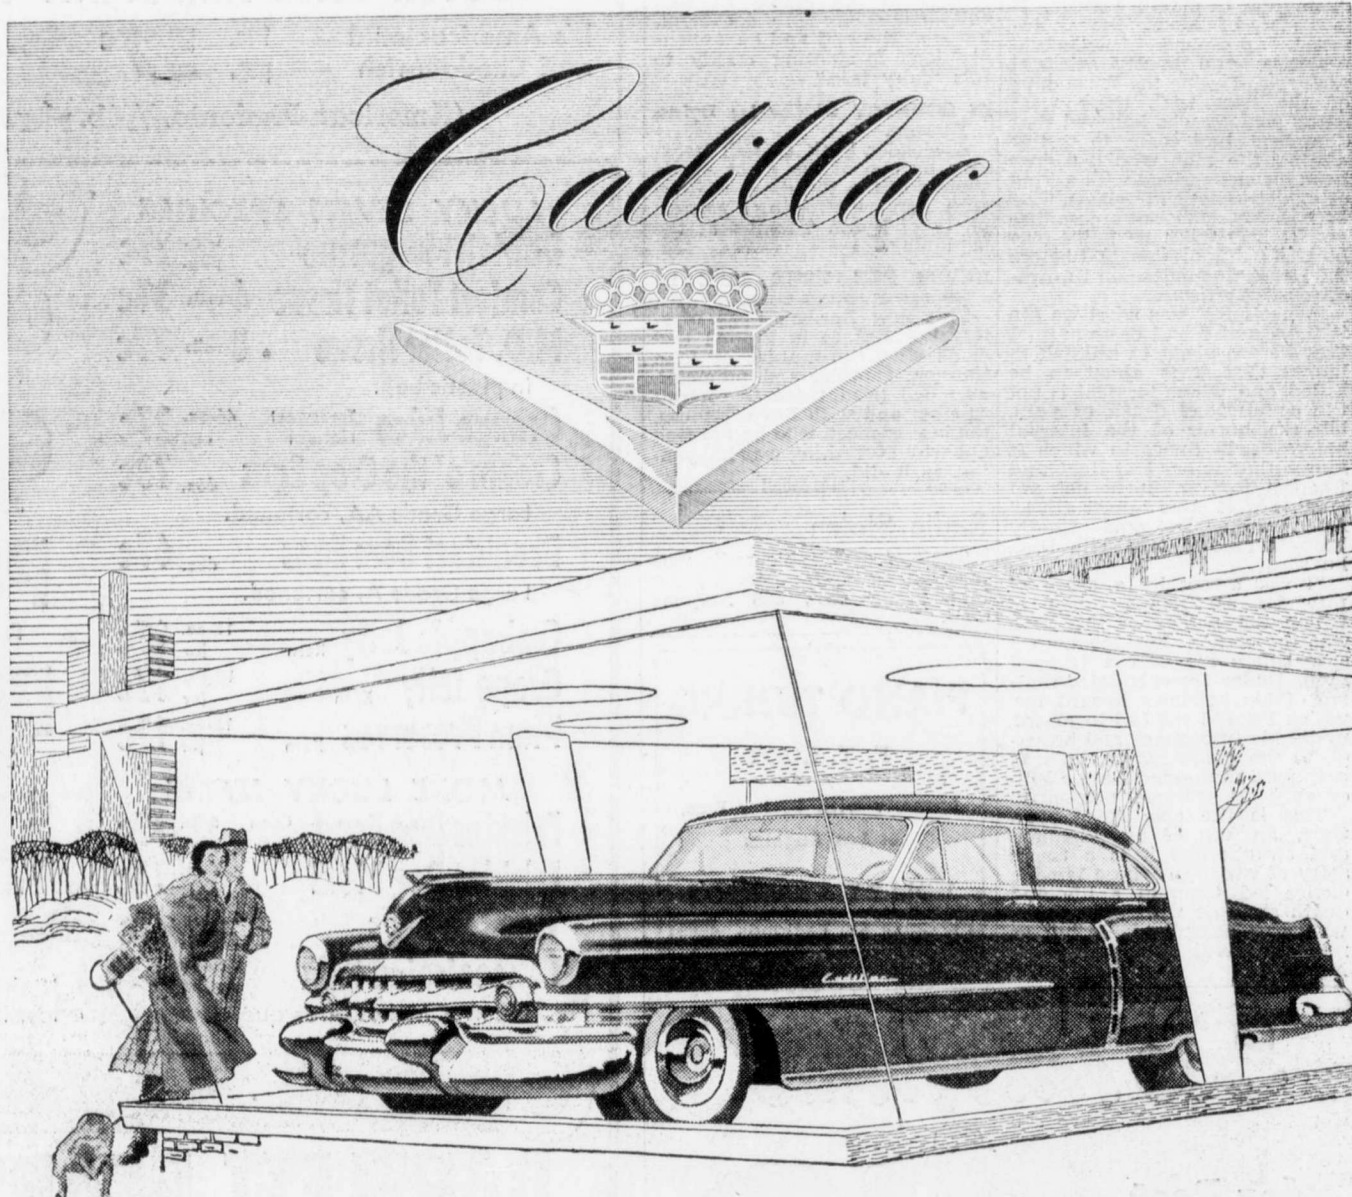

The next meeting will be held Tuesday, October 7, at the Masonic Temple, 1006 East Ramon road.

### Loses Papers

Mrs. Lorene McGlamary, 150 North El Segundo road, reported to police that she lost her wallet between 8 and 9 p.m. Sunday. It contained a bank book, cashier check and other articles.

Come On In and Order One... Today!

There are many people in this community who want a Cadillac ever so badly—and who are almost persuaded to order one—

—but who, for one reason or another, are just holding back and waiting.

To all these people we wish to say: "Come on in and order your Cadillac today!"

Every day you wait is simply postponing, still further, the wonderful time when you can enjoy the many delightful things a Cadillac will bring you.

There is, for instance, the deep feeling of pride which comes from owning a car which is universally acknowledged to be the Standard of the World...

... the great satisfaction that comes from driving a car so quiet you can "whisper and be heard"; so easy to handle that driving is no conscious effort at all; so comfortable and restful that a day at its wheel is the essence of relaxation...

... the comforting confidence that comes from knowing your car is so soundly-engineered and so beautifully-built that you can keep it and enjoy it over almost any period you may care to designate...

... and, finally, the happy knowledge that you probably paid less for your Cadillac than hundreds of thousands of people who are driving other makes of cars—for there are numerous models produced by other manufacturers which actually cost more than the lowest-priced Cadillac!

Isn't all this too much to miss for even one needless day? Owners of Cadillacs will tell you it is—out of their own experience. Time and again, people who have just moved up to Cadillac have said to us—"Why did I wait so long to enjoy all this?"

That's why we urge you to come in today and start down the happy road to Cadillac ownership. You have already missed too much—too long!

# Banning Asks State to Speed New Highway

Urge Livingstone Street Route to End Bottleneck

The Banning "bottleneck" moved one step closer toward solution last week when council of that city Thursday night passed unanimously a resolution asking the state for the proposed freeway to be located on Livingstone street.

District Highway Engineer Spencer C. Lowden, who was present at the meeting, indicated that the resolution would receive favorable action from the highway commission at a meeting this week.

Quick action of the council in passing the resolution, Lowden said, will undoubtedly speed up freeway construction by two years, since the state's budget is being drawn up and the highway commission plans to request \$1,000,000 for the purchase of rights-of-way through Banning.

Lowden explained that the commission is now convinced that an immediate route declaration is necessary to allow Banning an opportunity to go ahead with its plans for the future.

The proposed route on Livingstone street would begin at Twenty-second street in the western section of the city and extend north of the railroad, to the east city limits.

## Two from Desert at Bank Meeting

Present at the annual agricultural conference of the Independent Bankers' association of Southern California last week at Pomona were O. A. Torgerson and D. H. Autcheld of the Desert Bank.

A special program honoring the bankers was set up by the management of the Los Angeles County Fair where the meeting was held.

## Dobbs Flies East After Visit Here

Arthur H. Dobbs, son of Mrs. Al Hoover, who joined Mr. and Mrs. Hoover on their vacation trip and then visited them at their summer home at The Oaks, above Cherry Valley, left by plane Sunday for New York. He is controller for the western division of Pan American Airlines.

## Wynn Hammond Reopens Studio

Wynn Hammond announced today that she is re-opening her voice studio here, and will offer voice lessons, and instruction in showmanship. She is also maintaining her studio in India.

Mrs. Hammond has appeared in musical comedies, movies and in radio work, and will specialize in "showmanship technique" which is necessary to succeed in the entertainment field.

If exceptional talent is found, she said that a light opera, "The Chocolate Soldier" or "Student Prince" will be presented later in the year.

## Merediths Visit in Westwood Area

Vacationing in the Los Angeles area are Mr. and Mrs. Gene Meredith of Palm Springs. During their stay in the metropolitan area they are making the Cavalier hotel of Westwood their headquarters.

Everyone in the Palm Springs area reads The Sun.

TOP SCREEN STAR—Marilyn Monroe shows her best acting ability in "Don't Bother To Knock," now playing at the Sunair Drive-in Theatre. Co-feature is the "Strange Door," starring Charles Laughton.

# HORACE HEIDT, WIELDING HATCHET, CAPTURES SUSPECT AFTER CHASE

Horace Heidt, band leader and owner of Lone Palm hotel here, figured in a moonlight chase along the Pacific Coast highway early Sunday in which he caught a man he suspected of attempting to steal his automobile.

The suspect jailed was Eugene T. McMahan, Glendale, an accountant for Adaline Heidt, the bandman's divorced wife. Heidt swore to a petty theft complaint

against McMahan and went into seclusion, refusing to be interviewed.

HEIDT TOLD police that shortly after a stranger called at his Malibu home he noticed the keys to his new Cadillac were missing from a hall table. Suspicious, he said, he turned out the lights in the house and watched the parked car.

When a shadowy figure ap-

proached the automobile, Heidt grabbed a hatchet and gave chase. Heidt said he chased the man about 100 yards and threw him to the ground, holding him there by threats with the hatchet, until police came.

McMAHAN DENIED any plans for theft and said that he had gone to the Heidt home at the request of Mrs. Heidt's attorney, R. V. Antablin. The keys to the

car were found in his pocket. The Heidts were granted an interlocutory divorce decree September 26, 1951. The decree becomes final in a week.

The attorney, however, denied McMahan's story. He said that the Heidts were getting along nicely.

"In fact, there may be a reconciliation before the decree becomes final," he reported.

Mrs. Heidt, in Santa Monica, was unavailable for comment. So was Heidt after signing the complaint.

Shoppers wise read the advertisements in The Sun.

## CAP Squadron Organized Here

Palm Springs Civil Air Patrol was organized at a meeting this week at the airport administration building with Gene Meredith, CAP veteran since 1944, elected commander of the local squadron by acclamation. Ernest Dunlevie was named executive officer.

Meredith outlined the purposes of the CAP organization is

primarily for air search and rescue and will cooperate with the Civil Defense Observation corps. It will also train cadets for air and ground rescue work. Link trainer and rescue ships will be available when the squadron is fully organized.

Palm Springs several years ago had a squadron of the Civil Air Patrol which met in class sessions at the high school.

Reports Prowler

Mrs. Viola Lively, 719 East Via Olivera street, reported to police at 11:35 p.m. Saturday, that there was a prowler at her residence.

## Plan Vigorous Fight Against McLain Plans

County Group Organizes for Ballot Battle

Association Chambers of Commerce of Riverside county met at Glen Ivy Tuesday and vigorously condemned the old-age pension measure on the November 4 ballot as "vicious and dangerous."

Two speakers, Mrs. Lorena Fletcher, director of the Southern California Committee against Pension Dictators and Dr. Natalie White, field worker for the organization, were the speakers.

**THEY EMPHASIZED** that chambers of commerce would be the special victims of the George McLain proposal.

The McLain proposal is on the ballot as proposition No. 11 with an accompanying measure, proposition No. 10.

The speakers branded No. 10 as a "blackjack" ballot proposal aimed at those groups which have had the courage to oppose McLain and his political clique.

The speakers were introduced by George Gerwing, secretary-manager of the county board of trade.

**FORMATION** of a campaign to work against the McLain measure which would prohibit use of tax funds for advertising and publicity for the state was begun with A. W. Swarhar, Riverside attorney, heading the move.

William Dunkerley, manager of the Palm Springs Chamber of Commerce recently pointed out the threat to the task of publicizing the Village in the McLain proposals.

## Wins Honors

Prudential Award to F. J. Grande

Frank J. Grande, Palm Springs representative for the Prudential Insurance company of America, has received recognition for his excellent production record during the first six months of the year, and his first six months with the company. Competing with more than 1619 agents in the 11 Western States and Hawaii, Grande ranks among the first 100. The announcement was made at the Western Home Office, Los Angeles, by J. Donald Geiger, director of agencies.

A native of Denver, Colorado, Grande was educating in Banning schools. He joined the Pru-

dential in January, 1952 when the Palm Springs territory was created and assigned to him.

During World War II he served with the U.S. Air Force in the European theatre, and was awarded the Distinguished Flying Cross and the Air Medal.

Prior to his association with Prudential, he was advertising manager for the Banning Record.

Grande is a past president of the 20-30 Club in Banning. He resides with his wife and daughter, Stacia Lynn, at 537 Calle Palo Fierro.

**Trixie Jarrett's**

**Dance Studio Opens**

Trixie Jarrett Monday opened her dance studio at 670 Calle Palo Fierro for enrollment of pupils in tap, ballet, acrobatic and Spanish dancing.

(Desert Sun Photo)

Throughout the summer months and for several weeks to come hundreds of workmen are scurrying over the 30-acre site of the El Mirador hotel preparing it for its gala 1952-53 winter season—the first in more than 10 years.

E. Roy Fitzgerald, president of the El Mirador Hotel, and nationally known transportation tycoon, announced that the hotel would definitely be opened for the 1952-53 season "and I expect the El Mirador hotel to enjoy one of the best in its long and illustrious history."

From another source, close to the corporation it was reliably learned that if the El Mirador hotel opened its doors October 1 all accommodations for guests would be full for the entire winter season.

Queried regarding requests for reservations Fitzgerald said the hotel management had received many letters seeking reservations but that none of them "have been definitely confirmed as to an opening date."

Meanwhile workmen are busy transforming the pre-war hotel into one of the most beautiful hotels on the Pacific coast. A tour of the grounds revealed several dining areas, luxurious hotel rooms, apartments and cottages.

"You can say," declared Fitzgerald, "that enough money is being spent on the El Mirador hotel to make it one of the show places of the country. And it is going to be just that," Fitzgerald affirmed.

In the above picture, work being rushed on the hotel grounds, is shown. The view was taken from a balcony looking toward the pool yesterday afternoon.

## Start Study of Plans for New City Hall

### Survey of Space Requirements, Costs Asked by Council

Department heads of the city government started estimates of space requirements with an eye to future expansion as a result of action taken by city council last week asking preliminary studies for a new city hall for Palm Springs.

Council requested a thorough study of space required by each department and estimates of cost.

No action will be taken toward actual building of a new city hall until all factors have been thoroughly studied, it was pointed out.

**THE SURVEY** was started on a motion by Councilman Florian Boyd who said the city has \$250,000 in its capital outlay fund for building purposes. The money is derived from the city sales tax half of which is earmarked by ordinance for this fund.

Site for the new city hall will not be determined until plans take a more definite shape, it was said. But discussion before council soon shifted to possible locations for the new building.

**BOYD SUGGESTED** that the eastern half of the new North End park might be used. He said Desert Museum is looking for a new location and that the park site might become a Civic Center.

Mrs. Austin G. McManus, who was in the audience, disagreed. She urged that the new city hall, when, and if built, be located where it could easily be seen and people "would not have to hunt for it."

**SHE PROPOSED** as possible sites, McCallum Way, near where the present city offices are located or next to the Polo Grounds.

"But build the city buildings where people can see them," she urged.

City Manager Russell Rink said no architectural sketches will be made until all facts have been obtained and all reports and estimates handed city council.

Present city offices are converted army barracks and have been used by the city since 1948. They were not intended to be permanent but as a stopgap between the small offices which were vacated in the 300 block on North Palm Canyon and a permanent new building.

## Safety First

### 25-Mile Limit to be Enforced

By A. G. KETTMANN  
Chief of Police

Now that school is underway we can report that the additional motorcycle provided by the city which had the effect of doubling our motorcycle patrol (we had only one before) has gone a long way toward giving us adequate traffic control excepting under peak conditions.

The motorcycle detail has spent considerable time patrolling Indian avenue to assure orderly use of that widened artery. We are hopeful that the "stop" signs removed from th Alejo, Andreas and Arenas intersections to eliminate repeated stopping and starting will no longer be needed.

**THERE ARE TIMES**, particularly when the traffic is light, that the 25 mile speed limit may seem slow. It was established after careful study which considered the movements of cross-street traffic and also the rights of pedestrians.

Indian avenue is now our widest street and because it is crossed by both youngsters and persons advanced in years the motorist must be kept in check to protect the rights of others sharing its use.

Residents have undoubtedly noticed increased patrol by the traffic detail on other streets notably Mesquite, Ramon, El Mirador, Sunrise and El Segundo on Section 14 employed extensively by cross-town drivers.

**IT IS NOT** our intention to write citations in wholesale quantities—which would not accomplish our purpose—but to reduce the hazards to both pedestrian and drivers and reduce our accident experience. Where friendly cautions fail citations will of course be written.

In past years I have personally appeared before luncheon groups and service clubs pointing out that they are the backbone of the community and their cooperative example will set the pace for our traffic pattern.

We hope to have your voluntary support again this season.

## Radio Stolen

James S. Kemper Jr. of Palm Springs was among 16 southern Californians who last week successfully passed the California state bar examinations.

The tests were given for those who had practiced law for at least four years in other states.

(Desert Sun Photo)  
**VISITORS IN VILLAGE**—Artie Samish, left, noted state and national figure, and Joe Schenck, motion picture producer, talk things over on a visit to the Village to lease apartments in the new Sunset Towers building. While here they were guests of Walter Glatter who has spent all Summer here supervising construction of the Towers.

## Samish, Schenck Village Visitors

Arthur Samish, well known state and national figure, and Joe Schenck, well known motion picture producer, were weekend visitors in the Village, guests of Walter Glatter of Sunset Towers.

Samish and Schenck were here to look over apartments in the new Sunset Towers building at Via Lola and Palm Canyon drive and before they took off for Los Angeles Sunday, had each leased an apartment in the new building.

Schenck and Samish arrived in a large Gruman Mallard amphibian, property of 20th Century-Fox.

They were greeted at the airport by Walter Glatter who showed them around the new Sunset Towers building, nearing completion with its stores, apartments and other innovations.

## Reservists

### Local Air Group Talks Training

Training schedules for this year were discussed at the first meeting of the local Flight of the 9348th Volunteer Air Reserve Training Squadron at the high school Monday evening.

Seventeen members were present at the meeting, with Major Seamus Nunan in charge. Visiting officers were Colonel Smith, group commander, of San Bernardino, and Capt. John Radtke, Air Force liaison officer for this area.

The Flight will meet every Monday night at the high school. Col. Dodge Dean will be in charge of the program next week, which will include a training lecture and film.

### Suspect in Indio Slaying Captured

John Harrison, Indio, wanted on suspicion of murder of Mrs. Thede Campbell, an elderly resident of that city, was captured in Arizona Sunday. He tried to commit suicide when cornered. Harrison was sought here for a while shortly after the crime was discovered.

## TRI-CITY Climate Control

INDIO  
83-286 Highway 111  
RIVERSIDE  
3526 Chicago Ave.

## Free Local Trio After Hearing in Narcotics Case

Three Villagers, arrested as narcotic suspects, were freed Monday in Riverside municipal court when Judge Francis Estudillo decided the evidence—a can of marijuana found in the automobile they were in—was not sufficient to warrant a superior court trial.

Released by the court's decision were Rudy, 23, and Guillermo Fontes, 22, brothers, and Refugio Salazar, 36, all of Palm Springs.

With David Elliott Jr., 26, also of the Village, they had been arrested September 3 near Banning. Elliott was turned over to superior court at an earlier hearing.

Maurice Sherrill, public defender, pointed out that five Riverside men had been freed in superior court under similar circumstances in moving for dismissal of the charges.

Judge Estudillo said that while there was probably enough to hold the suspects, there was no point in it if the case were to be thrown out in superior court.

## Polio Cases

### County Shows Increase, Report

Polio cases in the county are more numerous this year than last but have not reached the epidemic stage, Brig. Gen. William White, chairman of the Riverside county chapter of the National Foundation for Infantile Paralysis, said last week.

There are now 33 new cases in the county compared with 16 at this time last year.

Gen. White is already mapping plans for the annual March of Dimes drive next Spring.

## County Planner Now Recovering

Tyler Suess, county planning director, was back in the court house Tuesday but just for a visit.

Recovering from an appendicitis operation recently, he said he was feeling good but "still a bit wobbly."

He expected to be back on the job within a week or two.

## Wallet Missing

Mrs. Edna Coons, 342 North Calle Encilla, reported Monday to police that she had lost a wallet at the post office. The brown leather wallet contained \$20 in cash, and important papers.

### your brain budget

1. A spinet produces which: (a) electricity, (b) sound, (c) fabrics, (d) pottery?
2. A blanching product has been made which: (a) whiter, (b) sweeter, (c) crispier, (d) softer?
3. The expression "bulls and bears" should remind one of which: (a) confetti, (b) ticker tape, (c) sawdust, (d) balloons?
4. "Flaccid" means which: (a) motionless, (b) corrupt, (c) soft, (d) diseased?
5. "Ming" is most suggestive of which item: (a) pottery, (b) fabric, (c) drink, (d) machinery?

## Portions of New Freeway North of Village Open

New roadway constructed on Highway 99 to convert it into a four-lane freeway from Palm Springs junction eastward four miles, is now open and in use.

The original highway, which for a greater part of the stretch, is closed while crews are bringing it up to present-day standards. When completed it will be open for westbound traffic while eastbound traffic uses the new portion.

At present traffic is using the new roadway in both directions. While traffic is still temporarily stalled by slow moving trucks, it is an improvement on the old road, engineers said, because sharp curves, steep grades and narrow bridges have been eliminated.

## Employment Agency Open for Season

Palm Springs Employment agency, 156 North Indian avenue, re-opened Monday under the management of Jane D. Brown, owner.

Miss Brown spent the Summer visiting friends in New Orleans, La., and Manhattan Beach.

## Board Seeks Reservation Site for Future School Need

Sale of land in Section 14 for use as a school site by the Palm Springs Unified School District will be decided by Tribal vote, the Agua Caliente Tribal Council voted last Wednesday.

This action was taken because the previous policy of the Agua Caliente Indians has been not to sell any land in that section, Mrs. Lorene McGlamary explained.

Dr. Arthur Hoff, superintendent of schools, requested that

the Council set aside the land for future school development. There is no immediate need, he said, but the district is trying to acquire centrally located sites before they are used for other purposes. It would make an ideal elementary school site, he added.

Keep pace with Palm Springs—read The Sun.

## Think of this... next time you open a can

You open a can . . . or two or three . . . and in a matter of minutes there's an appetizing, nourishing meal on the family table.

But did you ever stop to think that this simple act—duplicated 574 times a year by the average family—is helping create jobs right here in California? Yes, the can has helped everybody to eat better. And as a result, thousands of people here in California are profitably at work.

Out of this modern container for food have come jobs for farmers and farm workers, for cannery and their employees, for railroad men and truckers, for storekeepers, and those who make the cans at American Can Company's nine plants in California.

American Can Company's manufacturing activities in California—and our work with canners throughout the State—show how an industry, in developing a market for what it sells, helps communities all over America.

### A Hint to Thrifty Housewives

Canned fruits and vegetables are always your best buy . . . and are today a greater value than ever.

Quality foods harvested and canned at the peak of flavor assure you nutritious meals . . . and there's never any waste.

## Nine from Local Area at Purnel Lodge for Deer

Nine men from the Palm Springs area left Tuesday for the Elmer J. Purnel lodge near Jordan Hot Springs, south of Bishop, where they will spend four days deer hunting.

The Sierra and northwestern deer season opens Saturday, and these men will hunt until Wednesday.

Villagers included in the party are Dave Henderson, Bud Hillerman, Bill Rogers, Carl Watkins, K. D. Paul, Dick Paul and Bill Brill.

Purnel plans to go to the camp about the end of the month.

"Fair to good" is the forecast for hunters, according to area reports from more than 40 State Department of Fish and Game wardens.

## Five-Game Sked Ahead of Indian Jayvee Squad

Coaches Bill Manger and Dick White have a complete rebuilding job with the Jayvee football squad this year, with most of the 31 candidates out for practice being freshmen.

Practice sessions are now separated from the Varsity drills, to permit more individual attention to be given to the squad.

The tentative schedule calls for five games, two with Banning and Coachella, and a single contest with Beaumont.

Candidates for the team are: Thomas Avila, Richard Bigham, Lloyd Brubaker, Alfred Brune, Larry Bruton, Larry Cabading, John Chumley, Chris Clark, John Clark, Bob Clinton, Bob Coulton, Jim Cummings, Reuben Fontes, Tony Halstead, Gary Hammond, Pete Isenagie, Paul Jones.

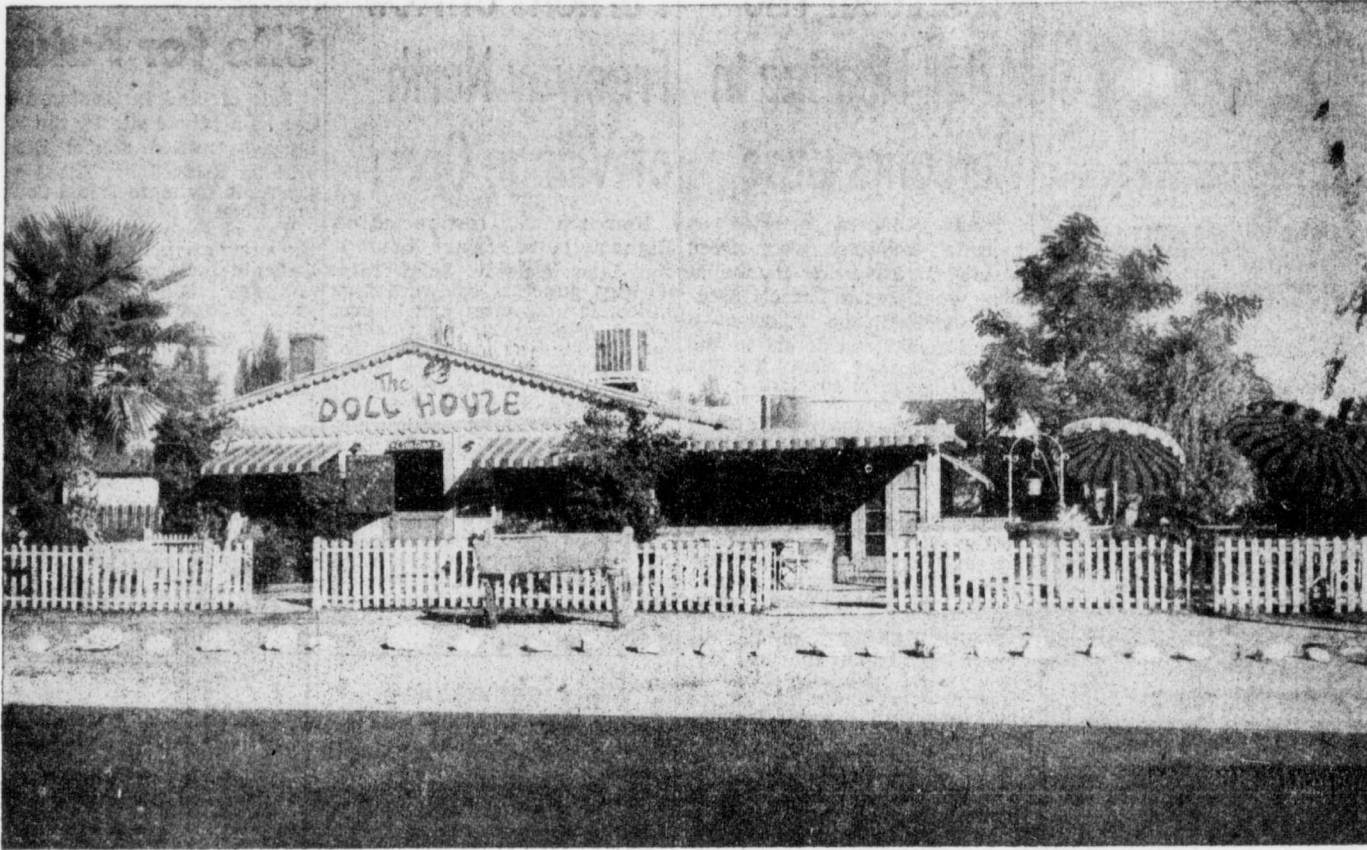

Alvin LaSalle, Bill Larrabee, Jerry Larrimore, David Martinez, Skip Martin, Stephen Mediano, Manuel Montoya, Bob Moser, Larry Paul, Johnny Ravese, Vic Reyes, Tony Seundo, Jerry Seps and Ronald Thompson.

Shoppers wise read the advertisements in The Sun.

## Doll House to Open for Season Next Week

Doors of George and Ethel Strebe's famed Doll House will be swung wide open September 25 for the 1952-53 season. Both George and Ethel, just returned from Roswell, New

Mexico, where they helped George Jr., cadet at the New Mexico Military Academy celebrate his 16th birthday, were highly optimistic over the prospects of the forthcoming

winter season. The trip to New Mexico and a side trip to Phoenix, Ariz., was accomplished in the airplane owned by Fred Smith, ace test pilot for Lockheed Aircraft Corpor-

ation. By the way, Strebe announced that the Guadalajara Boys and June will be back on the entertainment menu as will Leo Rojo and Ruban.

## SPORTS CORNER

**All in the Game:**  
WES FESLER insists that his Minnesota Gophers are not a good Big Ten squad. . . . Sugar Ray Robinson and Jackie Robinson plan to team up on a winter stage tour—Sugar even has had some plastic surgery done on his nose to make him look pretty. . . . The Cards have extended the contract of Manager Eddie Stanky for another year—seems they like the stinky guy. . . . Race track operators at Butler county (Ohio) fairgrounds have been sued by a horse owner who charges the owners with having his horse's tail tied to the starting gate at the beginning of a race. . . . The New York Giants figured to play before a million and a half persons at home this season, but they'll do well to come within 300,000 of that figure.

**CARD ROOKIE . . .** One of the rookies that have enabled the St. Louis Cards to keep in the National League race and compile a seven-game winning streak recently is Stuart Miller, right-hander. He let the Giants down recently with a three-hit ball game.

## Ortega-Carlton Rematch Just Another 'No Decision'

The eagerly awaited re-match at the Indio fairgrounds Friday night between Jesus Ortega and Lord Leslie Carlton ended the same as it did the week before—"no decision."

The referee stopped the match in the third fall when the grudge fighters took their contest outside the ropes and kept it there. Both wrestlers were disqualified.

**EACH MAN** had taken one fall up to that point, Carlton winning the first in 7:45, and Ortega the second in 45 seconds with a neck breaker.

Woody Strode and King Kong Kashey gave a fine exhibition of strength and endurance in the early part of the semi-final event.

Strode took the first fall in 20:04, and Kashey the second in 5:53 after doing considerable damage to Strode's left leg with a leg stretch.

**IN THE THIRD PERIOD**, Kashey concentrated all his efforts on his opponent's injured leg and tied Strode in the ropes repeatedly, much to the chagrin of Referee Joe Woods, ex-heavy-

weight Pacific Coast boxing champion, who had been named special referee by the State Athletic Commission for Friday's bout.

Finally, after all the usual admonitions failed, Woods dropped Kashey with an accurately placed right hook to the jaw. Strode, too injured to walk, crawled over to Kashey, pinned him to the canvas with a body press and was declared winner of the match in 2:52.

The King protested the decision, and declared that he would ask for a re-match.

In the preliminary, newcomer Al Kashey wrestled the veteran Hans Schütz to a draw the match going the 45-minute limit.

**Son of Villager**  
Back from Austria  
Capt. Alfred F. Lee, son of Mr. and Mrs. Alfred E. Lee of Palm Springs, is enroute home after 17 months in Austria with the 413th Ordnance Maintenance company.

He will join his wife, Crystal, who lives in Gaston, Ore.

## Fair Sprint Title at Stake Saturday

Sprint championship of the Los Angeles County Fair will be decided at Pomona Saturday as racing moves into its second record-breaking weekend of a 14-day meeting on the popular half-mile.

Some of the fastest horses ever to race on the fair circuit will hook up in the Saturday special, the \$5000 L.A. County Fair Handicap over the Pomona course, 60 feet less than six furlongs.

Prominent on the list are E. B. Johnston's Bustamante, J. Ross Clark's Ze Pippin, Louis Rowan's Bombay Duck, the Verda J. Stable's Round Stitch and Mrs. Connie M. Ring's War Rings, with several other shifty steeds expected to bring the field to 10 or more.

## Plymire is Still Taking Net Cups

Harry Plymire, Villager now with the air force at the Davis-Monthan base at Tucson, Ariz., and former city tennis champion here for several years, is still winning tennis cups.

Last week playing in the Tri-State tournament at Amarillo, Texas, as a representative of the D-M AFB, he took the veterans' singles title, and, paired with Robert Charles, the men's doubles and the veterans' doubles.

**Brush Fire Threat**  
Fire Station No. 2 sent a standby truck to 1810 Mesa drive where a brush fire threatened to get out of control at 8:39 p.m., Monday.

## Ballagh Selects Starting Line-Up for First Game

Tentative starting line-up for the opening game with Valencia high school next weekend at Placencia was announced this week by Coach Clare Ballagh.

Backfield men are Larry Purnel, quarterback; Alvin Harrison and Gerald Egbert, halfbacks; and Rudy Martinez, fullback. In the line will be Bob Haveman, center; Gary Driskell and Charles Baker, guards; Charles Driskell and Tom Martin, tackles; Eddie Knupp and Larry Colton, ends.

Other linemen who are expected to see a lot of action are John Wiswell, Tony Summers and Sam Hall.

After watching the team practice for over two weeks, Ballagh reported that prospects are for a good line, although lacking in

depth, and a backfield which is big, but not too fast.

All passers and punters were lost from last year's squad.

Twenty-nine boys are now out for practice, less than the usual number. A large number of these lack experience, which will affect the team's chances this fall, Ballagh said.

## Dr. Blackstone to Give Second in Series Sunday

Dr. James H. Blackstone Jr., pastor of Community church, will preach the second in a series of sermons on personal Christianity at the 11 a.m. service next Sunday. His topic will be, "The Word of God and You."

Special music is planned for the service.

Regular Sunday evening service will be resumed Sunday at 7:30 o'clock. Following a service of music and songs, Dr. Blackstone will speak on the subject, "How Strong are Your Convictions?"

Sunday school departments will start competition for a record-breaking Rally Day at this Sunday's classes. The contest will continue until Rally Day which falls on October 12.

Nursery attendants will care for children while their parents attend the adult Sunday school classes or church.

Sunday school classes start at 9:30 a.m. this year instead of 9:45 as previously.

## Season Started by Community Church Choirs

First choir practice of the season was held Monday evening by the High School Department of the Community Church, together with the meeting of the group's 4C Bible Club and Upper Room prayer time.

New officers of the department are Wes Chopin, president; Dewey Wallace and Wisdel Weith, vice presidents, and Dick Blackstone, publicity director.

Adult advisors are: Mr. and Mrs. Dave King, superintendents; Mr. and Mrs. Robert Bruce, Community Church sponsors; Mrs. Lucille Johnson, department secretary; Robert Bruce and Miss Lee Keith, 4C sponsors.

Over 100 members belong to the department.

Other activities include meeting for Sunday school Sunday mornings; Christian Endeavor Sunday evening, with a song fest following the evening church service at various homes; social once a month, and service projects.

## Sgt. J. T. Beach, Recruiting Agent, to go Overseas

T/Sgt. Joseph T. Beach, U. S. army and air force recruiting sergeant for this area for the past two years has received orders for overseas duty and is reporting to the overseas replacement depot, Camp Stoneman, California October 4. During his tour of duty in this area Sgt. Beach was in charge of the mobile recruiting unit in Banning for several months. He also was a speaker at the high school career day program here for the past two years. Sgt. Beach said that except for the summer heat he is going to miss his regular trips to the Palm Springs area for he has made several friends during his tour of duty, and hopes that the people who have helped him in the past will give the equal fine assistance to his replacement when he is assigned.

### On Road to Health

Mrs. Tommy Barker who recently underwent surgery is now reported making speedy steps toward recovery.

**CHURCH GROUP**—Activation of the high school department of the Community church, found the new officers of the organization talking over plans for the coming year's activities. (l. to r.) kneeling: Dick Blackstone, publicity chairman; Dewey Wallace, vice-president; Wes Chapin, president; Wisdel Veith, vice-president; standing: Jo Ann Cameron, Beverly Yeager, Marilyn Mills, Lynn Johnson, Ann Macpherson, Bonnie Bell, Jewel Cowan, and Carlos Knupp, committee chairman. Plans include a dinner for the high school football team.

## 195 Start School at St. Theresa's

St. Theresa Catholic school started classes Monday morning with an enrollment of 195 students, an increase of six over the first day last year.

Thirty-five more students have enrolled, but are not attending classes at the present time. Peak enrollment last year was 240 students, and a new high of over 250 is expected this school year.

One more teacher has been added to the staff.

Bus schedules are remaining the same as last year, until it is determined what changes are needed. The cafeteria opened Wednesday. Lunches this year will be 30 cents, an increase of five cents.

## Shriners

Plan to Attend Tri-County Event

Several local Shriners are planning to attend the Tri-County Ceremonial which is to be held September 27 in the Santa Barbara County Bowl in Santa Barbara by Al Malaikah Temple to initiate Knights Templar and 32nd Degree Scottish Rite Masons, with all the pomp and ceremony attendant to such occasion.

Potentate Charles T. Reichert of Al Malaikah Temple has urged Shrine Clubs from all over the southland to join with the uniformed organizations of Al Malaikah in the parade through downtown Santa Barbara preceding the actual initiation that evening.

**FIRST CHURCH OF CHRIST, SCIENTIST, PALM SPRINGS, CALIF.**

A Branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

Sunday Service 8 p. m.  
Wednesday Meeting 8 p. m.  
Sunday School, 9:30 a. m.  
(271 Ocotilla Ave.)

The Reading Room is located at 174 No. Palm Canyon Dr.

## Samson Invited to Participate in Episcopal Event

Herbert Samson, 756 North Palm Canyon drive, Palm Springs, representing St. Paul's in the Desert Episcopal church, is one of 150 Episcopal laymen invited by the Rt. Rev. Francis Eric Bloy, Episcopal bishop of Los Angeles, to attend the annual Layman's Training conference of the diocese at the Huntington hotel, Pasadena, on September 27.

Every Episcopal parish and mission will be represented at this meeting when the program of the church for 1953 nationally and locally will be demonstrated and integrated at the community level. William H. Siegmund, San Marino, chairman of the Presiding Bishop's committee on Laymen's Work, will direct the meeting.

## Marty's Sample Shop to Open its Doors Today

Marty's Sample Shop, 178 South Indian avenue, will open for business for the season at 9 a.m. today, Thursday, according to Marty Cobin, owner.

Cobin, who was among the first manufacturers of dresses in Los Angeles almost a quarter of a century ago, reported that his new store will "give the people here an opportunity to purchase merchandise at prices that can only be duplicated in similar types of business in Los Angeles."

Explaining why he chose Palm Springs to open his new business, he said: "I've been coming to the desert here for a number of years and I have felt that the operation of a business here has a romantic flavor. At least it has for me. The vast expanse of the desert on one hand and the towering mountains on the other and the people who come to live here, I love this town."

Yom Kippur services start Sunday evening, September 28 with the chanting of the Kol Nidre prayer at 8:15.

Monday's Yom Kippur services are at 10 a.m., children's services at 1:30 p.m., afternoon service at 2:30 p.m., and Yiskow, memorial service at 4 p.m.

Rabbi Lebowitz said all are invited to the services.

Rabbi Lebowitz will be assisted by Robert Morris and Lieb Rosen. Cantor Leon G. Bennett of Van Nuys will lead the liturgical portions of the program. Mrs. Christine Tomlinson is the organist.

There will be services tomorrow—Friday—night at 8:15, on Saturday at 10 a.m. and 8:15 p.m. and on Sunday at 10 a.m.

Yom Kippur services start Sunday evening, September 28 with the chanting of the Kol Nidre prayer at 8:15.

Monday's Yom Kippur services are at 10 a.m., children's services at 1:30 p.m., afternoon service at 2:30 p.m., and Yiskow, memorial service at 4 p.m.

Rabbi Lebowitz said all are invited to the services.

## Overseas

Capt. Backstrom Now in Korea

Word from Mrs. Robert D. Backstrom, Palm Springs dentist, to friends here reported that Capt. Backstrom was now permanently based in Korea. He had been stationed in Japan.

Mrs. Backstrom is now living in Los Angeles, attending U.C. L.A. They have rented their local home while the doctor is with the armed forces.

## At Warm Springs

Lt. and Mrs. Gene DeMont and Dr. and Mrs. C. E. DeMont of Palm Springs were recent visitors at the Little White House, Warm Springs, Ga.

**DIRECTOR**—Robert Bruce, new director of choirs and music at Community church.

## Robert Bruce in Charge of Choirs

Robert Bruce is the new choir director at Community church, Dr. James H. Blackstone Jr., pastor, said this week.

Bruce comes to the church from Whitworth college in Spokane, Wash. He attended for five years there winning his B.A. degree in Music Education and majoring in piano.

While at Whitworth Bruce was with the a Capella choir which sang in Palm Springs.

His activities at Community church will include organizing and directing two Junior choirs, a Junior high and a Senior high choir, and the Chancel choir.

Plans for the future include formation of a choral orchestra and seven vocal ensembles.

## City to Buy it All in Village

City of Palm Springs is going to buy everything in Palm Springs unless impracticable or uneconomical.

That was the text of a resolution adopted last week by city council.

It carried on a policy inaugurated four years ago.

**CORRECTION**  
VILLAGE FLOWER SHOP  
New Phone No. 2-5333

## Newly-Decorated Village Market to be Shown Public

Herman Reich of the Village Market, 441 South Palm Canyon drive, announced an Opening of the Season sale this weekend which he deems of more importance than just a weekend event.

"It's to let people see the results of our August redecorating operation which is now complete. We had to work late into the night many nights to get it done but we are proud of the result," Reich said.

The market interior has a new color scheme in grey, black and yellow and a new asphalt tile floor to match.

There is a new ice cream case conveniently located near the checkstands. Section numbers are bright and new and the seats at the fountain have been re-covered. The milk box has been completely redone, inside and out.

## NO SALVATION IN MATTER CHRISTIAN SCIENCE TOPIC SAYS

Salvation, safety, satisfaction and health are not to be found through reliance on materiality, declares the Bible Lesson on the subject of "Matter" in all Christian Science churches on Sunday.

The Golden Text from Jeremiah (3:23) reads, "Truly in vain is salvation hoped for from the hills, and from the multitude of mountains; truly in the Lord our God is the salvation of Israel."

Daniel (3:18, 21, 24-27) tells the story of the three Hebrew boys who refused to "worship the golden image" set up by Nebuchadnezzar and as a result "were cast into the midst of the burning fiery furnace. Then Nebuchadnezzar . . . said unto his counselors, Did not we cast three men bound into the midst of the fire? . . . Lo, I see four men loose, walking in the midst of the fire, and they have no hurt; and the form of the fourth is like the Son of God." Then he called out, "Ye servants of the most high God, come forth, and come hither." As they obeyed, those that stood by "saw these men, upon whose bodies the fire had no power."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "From beginning to end, the Scriptures are full of accounts of the triumph of Spirit, Mind, over matter" (p. 139).

Reich also announced a change in store hours for the benefit of early and late shoppers. New store hours, he said, are 8:30 a.m. until 8 p.m. every week day and from 9 a.m. to 6 p.m. on Sundays.

In this weekend's big sale there will be featured demonstrators by several major food firms cooperating with the Village market.

## BED-WETTING STOPPED

Science Perfects Safe, Simple Method . . .

Medical authorities say that 1 family out of 5 experiences the distressing problem of bed-wetting or enuresis. Children who suffer from this humiliating habit frequently live abnormal lives, subject to spirit-breaking discipline or restrictions of healthy, normal activity.

**DOCTOR FINDS ANSWER:** The Enurone patented method, developed and perfected by a doctor, tested by doctors—and recommended by doctors—has proved in thousands and thousands of cases that it can correct the bed-wetting habit in a period of 2 to 4 weeks.

Enurone is described in Redbook Magazine, December 1951.

**NO DRUGS OR ATTACHMENTS:** Enurone is a logical answer to the age-old bed-wetting problem—without the use of medicine or enemas.

**LOW COST:** The Enurone is not sold; it is rented at a nominal fee which pays for itself in saved laundry bills.

**FREE INFORMATION:** It costs you nothing to get the full details on Enurone. Fill out coupon and mail today.

## Varner to Return to Hospital for New Operation

Homer Varner, supervisor from this district, who recently underwent a leg amputation in a Coachella Valley hospital, will undergo another operation this week, a minor one, it was reported Monday.

The supervisor has shown a remarkable recovery since the amputation which was performed to save his life when it was discovered he was suffering from hardening of the arteries. Varner said that he was keeping in touch with the business of the county board and would be back on the job soon.

Meanwhile, the board was functioning with three talking members and one silent one. Sherman Lewis, the latter, San Jacinto-Hemet member of the board, underwent a mouth operation last week. Never very talkative, Monday he confined his comments to an "aye" on a motion or two and an occasional second. He merely nodded his head when asked how he felt.

**STUDY IN STEEL**—A unit of Calelectric's Highgrove plant is framed by a sturdy Gantry Crane in this study in steel. The crane, now used in plant maintenance and operation, served the utilitarian purpose of helping build the plant. The crane was used to place the huge generator units in place.

## CALIFORNIA ELECTRIC'S NEW POWER PLANT AT HIGHGROVE IN OPERATION

By OLIVER B. JAYNES

It has always been a mystery to me how the electric power companies could arrange it so there always seems to be enough juice on the line—whether you want to use it or not, and why when big loads are put on your lights don't sink. I found out last week on a visit to Highgrove—between Riverside and Colton—where the California

Electric Power company has just completed a new, fifteen million dollar steam electric generating plant. This mechanical giant generates enough electricity to provide the power needs of a city of 100,000, I learned. But suppose at a designated time the people happen to be using but very little electricity; what happens to the excess? I

learned at Highgrove that there isn't much excess. It works like this:

**THE BIG PLANT** there uses natural gas—or oil—to produce steam that powers big turbines that drive the electric producing generators. These two enormous generators have big arms projecting out which control their speed according to the load on the line. It's as simple as all that; but there's nothing simple looking about the Highgrove plant. It has two complete water systems—one for the steam boilers, another to cool the steam and other heat-producing equipment. It uses enough water to supply a small city.

What surprised me the most was to find that all this machinery—except the small control room—is entirely out in the open. More amazing still was to learn that the whole establishment is operated by four men!

**CALIFORNIA ELECTRIC** is justly proud of this new Highgrove steam plant which catches up with the ever increasing demands for electric power in the homes and factories in the many communities it serves from the High Sierra to the Mexican border. The company started in western Nevada in 1904 and has grown until its facilities represent an investment of \$70,000,000. Plans are already under way to increase the output with another unit at Highgrove. I have always been a booster for the privately owned power companies—and I am more enthusiastic than ever after seeing what California Electric has done at Highgrove, and meeting its friendly, public-spirited officials.

### Test for Social Workers Oct. 15

Applications to register for a test for social workers, to be held October 15, must be made by October 1, John McIntyre, county welfare department director said last week.

Applications may be obtained from his office, 3547 Tenth street, Riverside, or by writing the Merit System Examining Agency, Box 2709, Sacramento, 9.

## Council Studies Development for North End Park

Number of sidewalks, curb work and a parking lot at the North End park will be decided after bids are opened September 23, council decided at its meeting last Wednesday.

Estimated cost of the proposed project is \$15,000.

After hearing a progress report by City manager Russell Rink, who also told of additional projects planned, Mrs. Austin McManus protested the installations of sidewalks and a parking lot. The \$15,000 would be better spent for necessary items, she said.

Councilwoman Ruth Hardy said that sidewalks would give a definite pattern to the park, but proposed that the number of sidewalks not be decided until after bids were received on the cost. She pointed out that a comfort station will also be needed here.

Money for improvement of parks was voted by Villagers in a bond election.

## Publicity

### City Approves C. of C. Contract

City council last week formally approved a contract with the Chamber of Commerce allotting \$33,000 for advertising and publicizing Palm Springs.

Major items on a budget submitted to council were \$15,501 for advertising, \$9,199 for publicity and \$8,300 for the convention bureau.

**A BLOW** has been struck for progress in a field that has been strangely neglected—spaghetti eating.

An inventor has designed a fork with a wheel in the handle. Rotation of the wheel sets the prongs of the fork turning. The turning prongs bring the elusive strands of spaghetti under control so they can be lifted to the mouth without squirming or other protest.

Although about the only usefulness that can be found in the flood of gadgets that hits the market is that they wash away the buyers' unanchored coins, I'm going to bite on this one when it goes on sale—in fact, I hope to bite spaghetti on it.

I hope it works. If it proves not only an erosion on the pocketbook for the benefit of impoverished inventors but also an aid in eating the elongated dough, I shall have paens of praise for the inventor. Too long have our geniuses piddled away their time on atomic fission, jet engines and wonder drugs. Too long has spaghetti eating been left out of the machine age.

I repeat: I hope the rotating spaghetti fork works. I don't resent it that about the time I had mastered the difficult art of eating spaghetti after years of disaster, along comes a product of the heartless mechanized age and transforms the art into a mere turning of a wheel. Now I can expend more time and effort on dinner-time conversation, a convivial pastime impossible while consuming spaghetti the old-fashioned way.

I shall miss the magnificent gestures and flourishes of arm and elbow which the confident consumer of the dish affected to notify all other occupants of the dining room that he was a master. But I shall escape the flying red sauce and the sticky vermiciform particles falling on my clothing—always the perils of sitting too near a novice spaghetti eater.

Let's be maudlin and say that for every deprivation there is always an equal and just compensation. It'll help us accept a mechanical spaghetti fork.

## Cathedral City News

By Paul and Mildred Clark—Phone 8-4691

### Mountain Colony

We are glad to be back with Cathedral City news just as all the natives are glad to be back in their beloved desert. This is the best time for renewing old friendships, before the tourist season gets into its swing. Your correspondents were here all summer with long week-ends spent in Pinon Pines where we had as neighbors the Harvey Petersons and Emil Greeners. "Up the hill" were many other Cathedral City folks. At Thomas Mountain the Roy Allreds have a recently acquired cabin near the Claude Cobbs and W. R. Hillerys. A veritable colony from Cathedral City was established at Hurkey Creek, with many wives staying there and others commuting with their husbands. Regulars were the Bud Mhoons, Herb Henrys, Robert Schmidts, Walter Colglaziers, J. R. Stokbaks, Robert Cordes and Ray Potters. At Idyllwild were the Torgersons and the Carl Emersons. The C. W. Larrisons were at Pine Cove intermittently.

### "Business is Good"

There's a brisk air of "business is good" in Cathedral City. The man on the street says he has never seen so many people, so early in the season. Twenty-one new homes have been built or are in process of construction. Among the latter are four houses started in the Charlesworth Tract by Hicks and Allied. The Cathedral City Development company is readying unit number two in Cathedral City Highlands for opening at an early date as soon as street paving is completed. Harry Bernard and G. Carroll Waller, long time Cathedral residents, are opening a radio and television service and sales establishment in the new Vert-champ building on Broadway. Mr. Bernhard was formerly connected with Reeds Radio Store in Palm Springs and Mr. Waller was in the radio business for many years in the Northwest.

### For Polio Fund

Four girls, ranging in age from 6 to 8 or 9, came up to Cathedral City School principal Mrs. Helen Emery Monday morning and handed her a paper sack containing \$2.92 in small change. Vicki Palmer, Roberta Sherrill, Sally Gorges and Judy Jorgensen had operated a lemonade stand over the week-end and were donating the proceeds to the polio fund. The money was turned over to Dr. Hoff.

### School Reception

Following the ceremony of acceptance by the school board of the new Cathedral City classrooms, Mrs. A. Pukas and Miss Elizabeth N. Pukas, district school nurse, held a reception to meet Mrs. Margie Richardson, third grade teacher, Cathedral City school. W. Mentzer, speech correctionist for the Palm Springs Unified school district, Ben Petrone, music teacher for the district, Rev. and Mrs. Graham Hunter, pastor Cathedral City Community Church. Those present were: Mrs. Helen Emery, principal Cathedral City school, Mrs. Gladys O'Byrne, first grade teacher; Miss Mayme Steffen, second grade teacher; Mrs. Lulu Thompson, fourth grade teacher; Robert Irvine, fifth and sixth grade teacher; Mrs. Ruby Anderson, school lunch worker; Mrs. Fern McQuinn, school secretary; Mrs. Mary Mitchell, curriculum co-ordinator for the district; Jack Hillery, postmaster; Mr. and Mrs. Vernon Krings, Mr. and Mrs. Fred Dahlstrom, Mr. and Mrs. Lewis Duncan, Mr. and Mrs. Paul W. Clark, Mr. and Mrs. C. W. Larrison, Mrs. Robert Irvine, G. W. Richardson, Dr. and Mrs. M. I. Leff, Russell Mitchell, Mr. and Mrs. Hilton McCabe, Mrs. Helen Staley, George Ripley, Mr. and Mrs. Carl Emerson, Dr. Hugh Stephens, Dr. A. G. Hoff and Ron Henderson.

### Around and About

DeLuxe Trailer Park, one of the largest parks in the valley and located immediately adjoining Cathedral City's business section, was purchased this week from Mr. and Mrs. William H. Stute by Geratic Enterprises, Inc. The new owner is a closed incorporation of four stockholders headed by Dr. L. W. Cromwell of San Diego. Frank Cromwell will be resident manager. He states that extensive improvements and enlargement are contemplated.

Mrs. Corinne Davidson is in Desert Hospital recuperating from some kind of insect bite.

just what is not known. For a day or two she was seriously ill. Mrs. Davidson had just returned from a summer in Chicago where Margaret Davidson, her daughter, took advanced art courses. They enjoyed attending both the political conventions, having seats with the California delegation.

Skyridge Trailer park has increased its space and has black-topped all the principal streets. Mrs. Helen Emery, Cathedral City school principal, reports first week enrollment of 141, which number was not reached last year until after Thanksgiving. The entire school district including all of Palm Springs, Desert Hot Springs, Thousand Palms and most of Rancho Mirage had an increased enrollment over opening week last year of 66, of which Cathedral City had 24.

The Russell Perkins are preparing to move into their lovely new home just completed in Sunair. Perkins has been confined in the Huntington Memorial Hospital most of the summer with a serious illness but is expected home in the near future.

Edward Biles and Robert H. Sherrill were elected to fill the two four-year vacancies on the board of the Cathedral City Sanitation district at Monday's election. Sherrill was elected to succeed himself and Biles fills the seat which was vacated by Paul W. Clark who has served as president of the board for the past two years. Clark was not a candidate for the board this year, but was elected to serve a term as assessor. Other members of the board whose terms run for two more years are Claude Cobb, Mike Gordon and Riley Egbert.

Mr. and Mrs. E. Fenwick Rupp, Bud and Arlene, have purchased the building in which they have for several years operated Rupp's Supply. The former owners were C. W. and Alphamay Larrison, who built the building and originally operated the store.

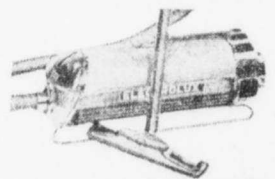

Mrs. Emil (Mitz) Greener is in Los Angeles at the bedside of her aged mother Mrs. Theresa Schwaiger, who is critically ill. The Claude Cobbs are on a leisurely jaunt by car to New York, pausing enroute in Nebraska to celebrate Mrs. Cobb's sister's golden wedding anniversary. The Cobbs will meet the W. R. Hillerys October 1 on the Hillerys return from a two-month tour of Europe. The two couples plan a tour of the Southeastern states before returning to Cathedral City in time to vote.

A bare quorum of Chamber of Commerce directors was on hand for last week's monthly meeting at the Town Hall. Director L. C. Lewis reported on the lease purchase contract arranged with the county supervisors to take over the ownership of the fire hall from the Chamber of Commerce. President Edward Biles reported on plans in process for the hoped-for installation of street lighting on Broadway.

Ben Scott, a real desert denizen who never closes his Scott's House of Gifts and Western Wear is soon to open a branch shop at Smoke Tree Ranch. Scott's has grown from a small one-room store to a shop that is now one of the showplaces of the village.

One of the summer changes is the taking over by Nate Cohn of the L. A. Times Agency from Ed Jorgensen. Russ Hewitson has re-opened his Cathedral Pharmacy after summering in and around Toronto, Canada. A great deal of his time was spent in a hospital. He says he's now on the mend. George Rennett is moving his grocery stock to much enlarged quarters at the junction of Broadway and Second street where he will add an up-to-date delicatessen. We understand Marjorie Reed, noted western

## The Other Side of the City Hall

by CITY MANAGER RUSSELL RINK

The summer softball program has just closed leaving pleasant memories in the minds of the players and spectators and perhaps a few haunting decisions in the minds of the umpires. The umpires are paid for their decisions, good or bad, so we won't weep over their mental quandaries.

We do weep, though, and have bad memories of the vandalism that went on this season at the Polo Grounds. We can enjoy an ingenious practical joke now and then but the destruction of the taxpayers' property is hardly a laughing matter.

THE PEOPLE of Palm Springs have \$450,000 invested in the Polo Grounds. These fine facilities which include the baseball stadium, rodeo arena, pavilion, and large parking area were built for the enjoyment of our citizens and the ever-important tourists.

It costs approximately \$700 a month to carry on the summer softball program. This figure includes the recreation director's salary, lights, clean-up, grounds maintenance, and softballs. No admission is charged. A hat is passed during the game for contributions. There is no compulsion to give. The money collected is used to buy trophies, give a dinner for the players at the end of the season, buy one softball each night (the City buys the second ball) and to pay a portion of the umpires' salaries. The umpires have raised their prices to \$4.50 per game. Two are required making a total of \$9.00 per game. Of this amount the City pays \$5.00 and the other \$4.00 is taken out of the collection.

IF ALL of the youngsters who went to the ball games enjoyed and appreciated what was being done to entertain them at the expense of the taxpayer, we'd have no complaint. Certain youngsters instead of watching the games derive their fun out of smashing

ing bottles in the rest rooms, scattering paper about and breaking windows. One night after a game some culprit hooked a car to a metal gate and tore it off. It isn't possible, nor does it seem necessary to put sufficient police officers on duty to police the 30 acres of developed area at the Polo Grounds.

There are two solutions to the problem. One is to abandon the softball program altogether. The other is to follow the course of some cities and pass legislation making the parents financially responsible for damage to public property by their offspring. Perhaps these delinquent parents will be a little more concerned about the activities of their youngsters if they have to pay a good-sized repair bill.

## Village Theater Pictures to Plaza

Village Theater is closed this week after a breakdown of the cooling system. Earle C. Strebe said that the Plaza Theater would be opened to run the pictures booked for the Village.

Two great pictures have been scheduled to play at the Plaza this coming weekend, "Just For You," starring Bing Crosby, Jane Wyman, and Ethel Barrymore, co-featured with "Big Jim McLain."

Shoppers wise read the advertisements in The Sun.

## Firearms

### Juveniles Lose Guns to Police

Two separate cases of juveniles discharging firearms within the city limits were reported to police over the weekend. Two boys were shooting a BB gun on Calle Roca, and Officer Edward Greene took the gun away from the 14-year-old owner and turned it over to his mother. Two brothers, 15 and 17 years of age, were discovered shooting at quail and doves on Via Monte Vista, and their guns were confiscated, tagged and held at the police station until claimed by their father.

### Mrs. Bunker Given Permit for Hangar

Construction of a double-T hangar on airport property to house her plane and also to be used as a workshop, was granted Mrs. Zaddie Bunker, head of

## Johnson Held for Superior Court

Ellis King Johnson, 31-year-old Negro, was bound over to superior court after he admitted all allegations of forgery of endorsement before Judge Eugene E. Theriault Monday.

Johnson was arrested last week in Twentynine Palms by Sgts. Dorman Ordway and John Herrera, ending a four-month search for a man who last May 23 endorsed the name of Evan Holding to a payroll check issued by Harry Watt's Cabinet Shop in Cathedral City.

Police said the handwriting used for the endorsement matched the handwriting on a letter Johnson had written to a girl friend.

the airport corporation, by city council lastweek.

## Carnation CORNER

Yes, it is — the youngsters are off to school! And now, our thoughts turn to nourishing meals that help keep our children wealthy in health, so they can learn to be wise!

Nature provides no finer food than pure, fresh whole milk. And there is no finer milk than fresh Carnation Homogenized Milk, made extra protective with Sunshine Vitamin D. I'm sure your small fry, too, love that cream-in-every-drop flavor — so let's plan today on other ways of using this finer milk. Cream soups and creamed vegetables, of course — and here's a recipe for a delicate, lemon-tangy surprise custard! When you turn it out in dishes, there's a little sponge cake sitting on top of each custard!

### CAKE ON TOP OF

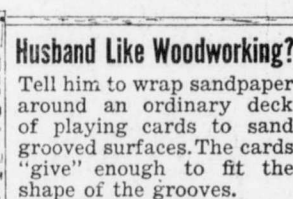

(Makes 4 servings)

1/2 cup sugar  
2 tablespoons flour  
1/2 teaspoon salt  
2 egg yolks  
1 cup Carnation Homogenized Milk  
1/4 cup lemon juice  
2 egg whites

Mix sugar, flour, salt, egg yolks and milk; beat until fluffy. Add lemon juice; fold in beaten egg whites. Pour into medium custard cups. Place cups in pan and surround them with water. Bake in moderately slow oven (325° F.) 35 to 45 minutes.

SPEAKING of wholesome desserts—don't forget delicious Carnation Homogenized Ice Cream! Especially September's Treat-of-the-Month—candy-good Marbled Butterscotch Ice Cream!

Did you know sandwiches were named for John Montagu, 4th Earl of Sandwich, away back in the middle of the 18th century? A hearty sandwich, fruit, and a thermos of fresh Carnation Homogenized Milk is still our standby for the school lunch box! A well-balanced meal!

COLORED STRAWS, so inexpensive at your market, encourage children to drink more of that finer Fresh Carnation Homogenized Milk.

SANDWICH FILLING IDEAS  
Combine 3 hard-cooked, chopped eggs with 1/4 cup chopped olives, 2 tablespoons chopped nuts and 1/4 cup mayonnaise.  
Combine 1 cup cooked chopped chicken or tuna, 1/4 cup chopped celery, 1/4 cup chopped pimiento and 1/4 cup mayonnaise.

For a "surprise" — blend 1/2 cup softened process-type American Cheese with several tablespoons Carnation Half and Half and 1/2 cup chopped dried beef.

DO write me at the address below! I so enjoy hearing from you—and welcome suggestions!
